

AFL-CIO

AMERICA'S UNIONS

MARCH 6, 2026

As the attacks by the U.S. and Israel on Iran expand and escalate conflict across the region, the AFL-CIO calls for:

- **An end to the conflict**, de-escalation by all parties and a commitment to peace, the safety for workers and our service men and women currently on the frontlines of the conflict;
- **Strict respect for international law**, the United Nations Charter and the US Constitution that call for the people's voice through Congress in any war authorization, including through the War Powers Resolution;
- **A renewed commitment to nuclear disarmament** and global dialogue to ensure sustained security and economic stability in the region and around the world; and
- **Full respect for freedom of association**, freedom of expression and democratic rights for all workers across the region, including US federal workers.
