Three Constitutional Amendments on the Wisconsin Ballot

VOTE NO

Know what you're voting on November 3

QUESTION 1:
"Partial veto. Shall section 10 (1) (c) of article V of the constitution be amended to prohibit the governor, in exercising his or her partial veto authority, from creating or increasing or authorizing the creation or increase of any tax or fee?"

VOTE NO...
because it could unnecessarily restrict public funding of priority programs through taxes or other resources, and disrupt the balance of powers in state government.

QUESTION 2:
"Freedom to gather in places of worship during an emergency. Shall section 18 of article I of the constitution, which deals with religious liberty, be amended to prohibit the state or a political subdivision of the state from ordering the closure of, or forbidding gatherings in, places of worship in response to a state of emergency, including a public health emergency?"

VOTE NO...
because it would limit government's ability to restrict religious gatherings during emergency situations, including dangerous disease outbreaks or other public health threats.

QUESTION 3:
"Governmental entity discrimination prohibited. Shall section 27 of article I of the constitution be created to prohibit governmental entities in the state from discriminating against, or granting preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, or national origin in public employment, public education, public contracting, or public administration?"

VOTE NO...
because it could undo decades of programs designed to advance equity and ensure fair access to public employment, education, health care, and more.
