

**TELL CONGRESS:**

# ***FUND THE GOVERNMENT AND FIX THE HEALTH CARE CRISIS***

**PUT WORKING PEOPLE FIRST!**

Since Day One, the Trump administration and its allies in Congress have targeted our health care and the federal workers who keep government services running.

Now, the administration is turning up the chaos and suffering by shutting down the government rather than addressing a mounting health care crisis.

## ***MILLIONS OF AMERICANS WILL LOSE HEALTH INSURANCE.***

More than 22 million people receiving Affordable Care Act (ACA) subsidies will face out-of-pocket premium increases averaging 114%. The nonpartisan Congressional Budget Office estimates millions will become uninsured as a result.

(Congressional Budget Office, 12/4/24)

## ***THE TRUMP ADMINISTRATION'S POLITICAL GAMES HURT EVERYONE.***

Due to the government shutdown, nearly 750,00 federal workers across the country aren't being paid. And the delivery of essential services, like SNAP and Social Security, will be slowed or delayed. (CBO, 9/30/25)

## ***WORKING FAMILIES ARE BEING PUNISHED FOR THE SHUTDOWN.***

The Trump administration has paused billions of dollars in energy and infrastructure projects to squeeze working families until they cry uncle. This retaliation could cut workers' jobs and raise utility bills.

(NBC News, 10/3/25)

**CALL YOUR SENATORS AND REPRESENTATIVE  
AT 844-896-5059 AND TELL THEM TO FUND  
THE GOVERNMENT AND FIX THE HEALTH CARE CRISIS!**
